Specifications

Technical specifications

- Wattage: 15 W
- Wattage standard bulb: 60 W
- Fitting/Cap: E27
- Voltage: 220-240 V
- Energy saving: 80 %
- Lifetime: 8000 hour(s)
- Lifetime: 4 year(s)
- Dimmable: No
- Light effect: Cool daylight
- Color rendering index (CRI): 80
- Color temperature: 6500 K
- Frequency: 50-60 Hz
- High power factor: No
- Light source: Energy saving lamp
- Lumen: 900
- Lumen Maintenance 2000h: 85 %
- Shape: Spiral

Highlights

Energy efficient

All Philips energy saving lamps save energy from the moment you turn the switch. During their lifetime these Philips lamps use fewer kW, resulting in a lower energy bill. The level of energy saving differs per lamp type and technology.

Carbon footprint

Philips energy saving lamps reduce the amount of energy use in your home, which results in a lower energy bill and less carbon (CO2) output by your energy supplier.

Extra brightness

Brighter usually means more power, and a brighter life comes at a price. Philips energy- saving lamps give you more light without requiring more power.

Compact size and high perform

Our smallest energy saving lamps are just as small as a traditional light bulb. You can now save energy and money in all your lights and lamps, without compromising on light quality.

Reliable quality

Philips keeps its promises about performance of its energy saving lamps. You can trust what the Philips packaging is saying about light output, lifetime and wattage equivalents to incandescent lamps.
